

ASPIRATA MICROBIOLOGY & CHEMICAL LABORATORY

"Our goal is to maintain cost-effective laboratory testing services of the highest quality"

Our custom built microbiology laboratory at the Highveld Technopark in Centurion, makes use of both traditional and modern rapid technologies. We offer a broad range of services for microbiological testing and examination of food, swabs, and water samples for all major pathogenic, indicator and spoilage microorganisms.

Our chemical laboratory is equipped with state-of-the-art chromatographic and spectrometric instruments, which provide the best analytical and testing services coupled with unremitting client assistance and support.

We understand the challenges presented by the changing marketplace and our goal is to maintain cost-effective microbiological testing services of the highest quality. As an ISO 17025 accredited facility, we generate accurate, reliable and timeous results, performed in accordance with strict quality control standards and accredited methodologies.

COMPETENCE

Each member of staff is trained to have a thorough understanding of the role they fulfil in Aspirata's laboratory. This maintains a high level of competency and enables them to achieve the required level of quality.

QUALITY ASSURANCE

All samples are analysed using accredited and documented methods. Appropriate, calibrated equipment is operated by trained laboratory technicians. Each batch of work is monitored by qualified personnel who calculate the accuracy and suitability of results and assess the entire process. Results are only reported once all of these quality checks have been performed.

ASSESSMENT

The Aspirata Microbiological and Chemical Laboratory (AMCL) is SANAS accredited (accreditation number T0367) and operates a laboratory management system in accordance with ISO/IEC 17025:2005.

In addition, the AMCL participates in various external proficiency schemes. Aspirata is also a provider of independent auditing, inspection and training services.

The Aspirata Microbiological and Chemical Laboratory (AMCL) is SANAS accredited (accreditation number T0367) and operates a laboratory management system in accordance with ISO/IEC 17025:2005.
